RE: Support for Del Norte County's Point St. George project funding request

Dear Chairman Bosco: *Doug*

I am writing to express my support for the request by Del Norte County to fund the implementation of the first phase of improvements at Point St. George.

Potential improvements include a guardrail to prevent driving onto the property, various fencing improvements so that managed grazing can occur, designation of the coastal trail on the site, parking improvements, restrooms, interpretive elements, as well as an archaeological resource management program.

The potential project benefits to residents and visitors to the area will be significant. In addition to enhancing public access, this project will assist the County in protecting the natural resources of this beautiful coastal area.

I urge the Coastal Conservancy's favorable consideration of Del Norte County's funding request to implement the Point St. George enhancement program. If I can provide any further information, please do not hesitate to contact my District Office at (707) 445-7014.

Respectfully,

Patty Berg
